Profile

Results-oriented data analyst who is passionate about using data analytics to improve organizational effectiveness and business growth. I'm looking for an entry-level position where I can use my strong analytical skills, programming knowledge and understanding of statistical concepts to make sense of difficult datasets. Eager to work with experienced professionals, contribute to data-driven strategies, and continuously learn and grow within a dynamic organization using my efficient communication.

Education

B.Tech, *Noida Institute of Engineering and Technology*   2020 – 2024

12th, *Mata Kasturi Devi Sr. Sec. School, New Delhi*   2017 – 2019

10th, *Saraswati Vidya Mandir Sr. Sec. School, Rohtak*   2016 – 2017

Internship
